

DESCRIPTION

The **GEFCO Select #EE135LV Low Voltage Wet/Dry Light Fixture** is constructed to provide medium dispersion of light and color rendition for low to medium range height spray effects or waterfalls. The light fixture is provided with bronze rock guard and ring stand assembly for pool floor mounted applications. The adjustability for light projection is at 120 degrees in any direction off of vertical. A clear lens is normally provided. Colored lenses are available when using white LED lamps. The height of the light fixture is fixed from the factory (standard height is at 7 7/8"). Variance in the height can be achieved by specifying desired height. The U.L. Listing limits this fixture to 50 Watts at 12 Volt. This unit is fitted for use with conventional MR16 or MR16 LED lamps. Also available in niche mounted configuration (see EE135N LV type fixture).

TYPICAL SPECIFICATIONS:

- * **GEFCO Select #EE135LV** Low Voltage Freestanding Wet/Dry Light Fixture:
 - cast bronze housing, rock guard, adjustable ring stand.
 - U.L. Listed.
 - 50 watt, 12 V. maximum.
 - 9 feet of 16/3 cable.

IMPORTANT INFORMATION

The NEC Article 680-51(D) requires that "electric equipment which depends on submersion for safe operation shall be protected against overheating by a low water cutoff or by other approved means when not submerged." Other approved means are either GEFCO #EE115-Series or #EE140-Series water level control devices.
